

## JOHN GARCIA

Consulting Agronomist  
Co-Owner

### ABOUT JOHN

John brings over 25 years of experience in Golf Course, Sports Turf, Project, and Lawn Care management into his daily mission of providing consulting to the Green Industry in New England. As an owner of Atlantic Golf & Turf, an avid golfer and youth sports coach, he strives to develop comprehensive, cost effective, and environmentally friendly agronomic programs to deliver superior conditions. John enjoys giving back to the industry through service on various boards, and guest lecturing at local Universities. John was instrumental in starting Atlantic Cares, the charitable arm of AG&T which donates regularly to Cancer Research in New England.

## ATLANTIC GOLF & TURF

Atlantic's Company philosophy is to promote responsible Turfgrass Management and Integrated Pest Management, maximizing program benefits by introducing modern grass varieties and balancing the soil, thus minimizing inputs to produce superior results. We work with our clients annually with a science-based approach to establish and adjust specific goals, allowing them to maximize the return on resources invested into their programs and properties.
