

Justin Santos

Technical Representative

ABOUT JUSTIN

Justin's goal is to be a resource for his clients and make their job easier. He enjoys partnering with his clients and helping them developing agronomic plans that maximize their budgets while achieving the best turf conditions possible. Justin grew up in the turf industry, his father was a golf course superintendent. He has spent over 35 years in turf management working on golf courses, sports turf, lawn care, along with founding and operating a successful turf application business. Outside of work, Justin enjoys spending time with his friends and family, being outdoors, playing golf, enjoying time around water, and watching sports, especially football.
